PART VI.—Bills introduced in Parliament of India; Reports of Select Committees presented to Parliament; and Bills published before introduction in Parliament.

LOK SABHA

The following Bill was introduced in Lok Sabha on the 24th November, 1965:—

BILL No. 77 OF 1965

A Bill further to amend the All-India Services Act, 1951.

BE it enacted by Parliament in the Sixteenth Year of the Republic of India as follows:—

1. This Act may be called the All-India Services (Amendment) Act, 1965. Short title.

61 of 1951.

2. In section 2A of the All-India Services Act, 1951, after item 3, the following items shall be inserted, namely: Amendment of section 2A.

"4. The Indian Agricultural Service;

5. The Indian Educational Service (General Education and Technical Education).".

STATEMENT OF OBJECTS AND REASONS

Under article 312(1) of the Constitution, the Rajya Sabha passed a resolution on the 30th March, 1965, by the prescribed majority, declaring that it is necessary to provide, in the national interest, for the creation of the following All-India Services, namely:—

(1) The Indian Agricultural Service; and

(2) The Indian Educational Service (General Education, Technical Education).

The present Bill seeks to create the aforesaid Services by amending the All-India Services Act, 1951. Under section 3 of the Act, the Central Government would be empowered to make rules for the regulation of recruitment, and the conditions of service of persons appointed, to these Services.

NEW DELHI;

The 16th November, 1965.

JAISUKHLAL HATHI.

PRESIDENT'S RECOMMENDATION UNDER ARTICLE 117 OF THE CONSTITUTION OF INDIA

[Copy of letter No. 1/6/65-AIS(IV), dated the 12th November, 1965, from Shri Jai Sukhlal Hathi, Minister of State in the Ministry of Home Affairs, to the Secretary, Lok Sabha.]

The President has, in pursuance of article 117(3) of the Constitution, recommended to the Lok Sabha the consideration of the All-India Services (Amendment) Bill, 1965.

FINANCIAL MEMORANDUM

The Bill, if enacted and brought into operation, is not likely to involve large expenditure from the Central Revenues. When the new All-India Services mentioned in the Bill will be constituted, the Central Government will have to bear expenditure on—

(a) Central deputation quota, and

(b) Incidental contributions towards pension, leave salary, etc.

2. As the Central Government is already bearing expenditure in respect of the officers in the Central Services engaged in 'agriculture' and 'education' duties, and in respect of officers borrowed from the State Governments on deputation, the extra expenditure involved under the All-India Services scheme for these Services will be small.

3. As the new All-India Services will be initially constituted from amongst the officers of the State Services, and even the subsequent direct recruitment which will be only a small percentage, will be made in a phased manner, it is felt that the additional expenditure, after the Serivces are constituted, is not likely to be considerable. Since the details of the cadre strengths of various State Governments and the Central deputation quota are still being worked out, it is not possible at this stage to give an estimate of the net expenditure involved.

Secretary.

AWARD

By order No. 538-I.R./IR/11L-11/65, dated the 8th February 1965, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Jayshree Chemicals and Fertilisers, Nanda Bose Road, Khardah, 24-Parganas, and their workmen represented by Chemical and Phosphate Workers' Union, Shramik Shivir, Park Road, Talpukur, 24-Parganas, regarding the matter specified in the Schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

1. Whether the dismissal of Shri D. L. Biswas is justified? What relief, if any, is he entitled to?

On receipt of notices from this tribunal, parties appeared and filed their written statements.

In the written statement filed on behalf of the union, it has been inter alia stated that the concerned worker Shri D. L. Biswas was one of the Secretaries of the Union and had been dismissed from service entirely on false charges for his union activities. it is said in the written statement filed by the union that on 4th April 1964, the company had unreasonably and without justification whatsoever served on Shri Biswas a charge sheet untruly alleging that on the said date he had threatened one Dilip Singh with assault outside the factory by using most filthy language. Shri Biswas gave his explanation to the charge sheet on 5th April 1964, denying the charge. Thereafter without holding any proper enquiry in presence of Shri Biswas, the company has by its letter, dated 11th May 1964, illegally dismissed him from service. The dismissal of Shri Biswas was in these circumstances unjustified and the union wants his reinstatement with back wages.

In its written statement filed on 26th April 1965 the company alleged that Shri Biswas was charge-sheeted on 4th April 1964, for acts of gross misconduct and has been subsequently dismissed from service as the said charge was established in a domestic enquiry held on 5th May 1964. It is said on behalf of the company that Shri Biswas was present throughout the enquiry proceeding and cross-examined the management's witness and was also given full opportunity to defend his case. Dismissal of Shri Biswas was in these circumstances, just, legal and bona fide.

The case was taken up for hearing on 30th March 1966 when the parties filed a joint petition informing the tribunal that the industrial dispute referred to this tribunal for adjudication has been amicably settled out of Court, on terms mentioned in the petition. This petition was signed by Shri J. R. Jain, Labour Adviser of the Company, workman Shri D. L. Biswas and Shri Nirmal Banerji, President of the Union. I have heard the parties representatives on the petition. The terms of compromise as embodied in the petition, appear to me to be fair and reasonable. I am satisfied that the parties have settled their dispute on terms mentioned in the petition and that there is no outstanding dispute between them. Accordingly I pass a compromise award in terms of the joint petition which do form part of the award as Annexure A.

This is my award.

3. Permanency.

In pursuance of notices issued from this tribunal, the parties appeared and filed written statements.

In the written statement filed on 26th December 1964 on behalf of the Union, representing the workers of Messrs. India Ball Thread Co. (P.) Ltd., it has been stated that the company employs thirty-six workmen including Watch and Ward staff. The total minimum wages of a workman is Rs. 2.00 per day but there is no separate D.A. There is also no grade and scale, nor any provision for annual increment; nor is there any rule of permanency. Time and again the Union represented to the Management for a fair deal but the Management did not listen. Accordingly by a letter, dated 23rd November 1963 the Union placed a charter of demands containing a number of points including the above. The Management, however, did not take any step to remedy the grievances of the workmen. So, the Union requested the Labour Commissioner by letter, dated 4th May 1964 to take up the matter in conciliation. The Conciliation Officer Shri S. Ghosh tried his best to effect the settlement but in vain. As conciliation failed, the matter was referred to this Tribunal for adjudication.

In the written statement filed on behalf of the company it has been inter alia stated that as the existing consolidated wages paid to the workmen are fair and proper and were settled by a bi-partite agreement between the Management and workers, the Union is not entitled to get any relief with respect to issues Nos. 1 and 2. Company further stated that as the life of the said agreement has not yet expired, the reference is bad in law. As regards issue of permanency the company's specific case was that the permanency of the workers depends upon the suitability, experience, etc., and from time to time the company has made permanent many workers according to the exigencies of the circumstances.

The case was fixed for hearing on 25th March 1966, but on 24th March 1966 parties filed a joint petition stating that the disputes under order of reference have been amicably settled and that they have entered into a collective settlement, dated 24th March 1966. The joint petition was signed by Shri K. L. Mohta, Managing Director and Shri Chitta Moitra, President of the Union. The terms 1, 2 and 4 as mentioned in the joint petition relate to the issues under reference and they appear to me to be quite fair and reasonable. I am satisfied that the parties have settled their disputes relating to the issues sent for adjudication on those terms and that there is no subsisting dispute between them regarding the issues. The term No. 3 of the petition relates to standing Orders. But this term is extraneous to the proceedings and accordingly no comment is made on this term. Parties' representatives insisted that the standing orders annexed to the joint petition may be made part of the award but as there is no reference relating to the Standing Orders. I cannot accept this submission of the parties and make the standing order a part of the award.

In view of the foregoing discussions, a compromise award on terms 1, 2 and 4 as mentioned in the joint petition, be passed in the case and the joint petition do form part of the award as Annexure A.

Note.—"Probationary period" of service includes breaks due to sickness, accident, leave, lock-out strike (not being an illegal strike) and involuntary unemployment.

(d) A "probationer" is a workman who is provisionally employed to fill a permanent vacancy in a post and has not completed six months' service therein. On completion of six months' service, if the probationer is not confirmed, either the probationary period may be extended or the probationer may be informed that services will be terminated. If a permanent employee is employed as a probationer in a new post he may, at any time during the probationary period, be reverted to his permanent post.

(h) An "Apprentice" is a learner who may or may not be paid an allowance during the period of his training. The period of unpaid apprenticeship shall not exceed six months.

Provided, however, that if the establishment is already maintaining service record cards containing all the particulars required in Form I, the use of such service record cards in their present form may continue.

(b) Every workman shall be provided with a token, a badge or other means of identification which shall be carried on his person and shall, on being required to do so, be produced to any person authorised by the Manager to inspect it or, as the case may be, surrendered to anybody authorised by the Manager in his behalf.

(c) Loss of departmental ticket shall immediately be notified to the Manager. A duplicate shall be issued on payment of the actual cost of replacement by the workman concerned.

4. **Publication of working time:** The periods and hours of work for all classes of workmen shall be exhibited in English and in the language understood by the majority of the workmen employed in the establishment on notice boards maintained at or near the main entrance of the establishment and at the time-keeper's office, if any (hereinafter referred to as the said notice boards).

(a) the days observed by the establishment as holidays, and

(b) pay days, shall be posted on the said notice boards.

6. **Publication of wage rates:** Notices specifying the rates of wages payable to all classes of workmen and for all classes of work shall be displayed on the said notice boards.

If as a result of discontinuance of shift working, any workman has to be discharged, he shall be discharged according to the provisions of the Industrial Disputes Act, 1947. If shift working is restarted, a week's notice thereof shall be given by posting a notice on the said notice boards. The workmen discharged as a result of the discontinuance of the shift, shall, if they present themselves at the time of the restarting of the shift, have preference in being re-employed having regard to the length of their previous service under the establishment, those with the longest term of service being ordinarily re-employed first.

8. **Attendance and late coming:** All workmen shall be at work at the establishment at the time fixed and notified under paragraph 4 of these orders. Workmen attending late shall be liable to the deduction provided for in the Payment of Wages Act, 1936. No workman shall be allowed access inside the workshop after the expiry of half an hour from the scheduled time for starting work, except in the cases where the Manager allows it. A period of five minutes may be allowed as Grace period for attendance, subject to a maximum of 15 (fifteen) minutes per week. Any workman who, after checking in, is found to be absent from his proper place of work during working hours without permission or without sufficient reason, shall be liable to be treated as absent without leave. The workmen shall not be permitted to leave the premises of the establishment during working hours without special permission of the Manager.

9. **Leave and Holidays:** (1) Leave and holidays with pay may be allowed as provided for in the Factories Act, 1948, as amended from time to time, and in accordance with adjudication award, law, contract, agreement, custom and usage. Such consultation will not be necessary where holidays are specified in any agreement or award.

(2) A workman whose leave is due and who wishes to take leave shall apply to the Manager at least fifteen days prior to the date of commencement of leave and the Manager shall issue orders on the application within a week of its submission. If the leave is required for urgent matters, the period of fifteen days' notice ordinarily required may be waived and the Manager shall pass orders on the date of application, if it is to commence on the same day or within three days thereof.

If the leave asked for is granted, a leave pass shall be issued to the worker and the worker shall intimate to the employer the address which will find him during his leave. If the leave is refused or postponed, the fact of such refusal or postponement and the reasons thereof shall be recorded in writing in a register maintained for the purpose, and if the worker so desires, a copy of the entry in the register shall be supplied to him. If the workman after proceeding on leave desires an extension thereof, he shall apply to the Manager who shall send a written reply either granting or refusing the extension of leave to the workman to the address, given by the worker to the employer before proceeding on leave, if such reply is likely to reach him before the expiry of the leave originally granted to him.

(3) If the workman remains absent beyond the period of leave originally granted or subsequently extended, he shall lose his lien on his appointment unless (a) he returns within eight days of the expiry of the leave and (b) explains to the satisfaction of the Manager his inability to return before the expiry of his leave. In case the workman loses the lien on his appointment, his name shall be kept on the "badli" or "waiting" list.

(4) A workman may be granted casual leave of absence with or without pay, not exceeding ten days in the aggregate in a calendar year. Such leave shall not be for more than three days at a time, except in the case of sickness. Ordinarily, the previous permission of the head of the department in the establishment shall be obtained before such leave is taken; but when this is not possible, the head of the department shall, as soon as may be practicable, be informed in writing of the absence from duty and the probable duration of such absence.

10. **Requirements for entering premises by certain gates and liability to search:** All workmen shall enter or leave the premises of the establishment by the gate or gates specified for this purpose.

During working hours the gates may be closed at the discretion of the Manager. The workmen intending to go out of the factory during working hours shall have to take permission of the Manager or any other persons authorised in this behalf. The workmen are liable to be searched at the time of entering and leaving the establishment and at other times whilst on duty by any person authorised by the Manager, provided that such searches shall be conducted in the presence of witnesses, where practicable. 11. **Payment of wages:** (1) Any wages due to a workman, but not paid on the usual pay day on account of the wages being unclaimed, shall be paid by the employer on the unclaimed wage pay day in each week, which shall be notified on the notice boards.

(2) In the event of such stoppage during working hour, the workmen affected shall be notified by notices put up on the notice boards in the departments concerned and at the office of the Manager as soon as practicable, when work will be resumed and whether they are to remain or leave their place of work. The workmen detained shall be entitled to receive wages for the whole of the time during which they are so detained. The workmen not detained will receive wages up to the time they are told to leave the establishment. Such wages in the case of piece-rate workers shall be the average daily earnings for the previous month. Wherever practicable, reasonable notice shall be given for the resumption of normal work.

(3) The procedure and payment in the event of the workmen being laid off as a result of any stoppage referred to in clauses (1) and (2) of this order shall be regulated in accordance with the provisions of the Industrial Disputes Act, 1947.

(4) The employer may in the event of a strike affecting either wholly or partially any section or department of the establishment close down either wholly or partially such section or department and any other section or department affected by such closing down. The fact of such closure shall be notified by notices put on the notice boards in the section or department or departments concerned and in the time-keeper's office, if any, as soon as practicable. The workmen concerned shall also be notified by general notice prior to resumption of work, as to when work will be resumed. A copy of such notice shall be sent to the registered trade union/unions, if any, functioning in the establishment.

13. **Termination of employment:** (1) For termination of employment except as a measure of punishment, a notice, shall be given in writing either by the employer or by the workman for the periods noted below:—

It will be optional for the employer to pay wages for the notice period in lieu of notice. No notice shall be necessary in the case of badli, temporary or casual workmen. Notwithstanding anything contained in this order, no notice shall be necessary if termination of service is under an agreement which specifies a date for such termination.

(2) Where the employment of any workman is terminated, all wages earned and unpaid shall be paid to him at the time of discharge, if convenient, or in any case, within the period of time prescribed by the payment of Wages Act, 1936.

14. **Disciplinary action for misconduct:** (a) A fine may be imposed on any workman in respect of an act or omission on his part, in accordance with section 8 of the Payment of Wages Act, 1936.

(b) A workman may be suspended for a period not exceeding four days at a time, or dismissed without notice or without any compensation in lieu of notice, if he is found to be guilty of misconduct.

Explanation.—The following acts and omissions shall be treated as misconduct:—

If on an enquiry the order is confirmed, the workman shall be deemed to have been absent for the period of suspension and shall not be entitled to any remuneration for the period. If however, the order is rescinded, the workman shall be deemed to have been on duty during the period of suspension and shall be entitled to the same wages as he would have received if he had not been suspended.

(f) In awarding punishment under this standing order, the Manager shall take into account the gravity of the misconduct, the previous record, if any, of the workman and any other extenuating or aggravating circumstances that may exist. A copy of the order passed by the Manager shall be supplied to the workman concerned.

MINISTRY OF IRRIGATION AND POWER

RESOLUTION

No. DW.V.516(4)/64.—The question of providing adequate waterways for the bridges on the national highways under the Ministry of Transport (Roads Wing) from the flood control point of view and the liability for the expenditure thereon has been engaging the attention of Government for some time past. It is generally agreed that if natural causes, the Ministry of Transport (Road natural causes, the Ministry of Transport (Roads Wing) would bear the cost of the widening; but if it is necessitated due to some works undertaken by the State Government, then the cost should be borne by the State authorities. Cases may, however, occur where there may be difference of opinion between the State Government and the Ministry of Transport (Roads Wing) as to the causes necessitating the widening of waterways and the incidence of the cost thereof. In order to settle such disputes, it has been decided to constitute a Standing Committee.

2. The Committee shall consist of:—

(i) Chairman, CW&PC.—Chairman.

(ii) Additional Consulting Engineer (Bridges) —Member.

(iii) Chief Engineer of the State Government in charge of Flood Control—Member.

(iv) A representative of the CW&PC.—Member-Secretary.

3. The terms of reference of the Standing Committee shall be as follows:—

The Committee will go into cases where there is a dispute between the State Government and the Ministry of Transport (Roads Wing) concerning the causes that have necessitated the provision of increased waterways (viz., modification of existing bridges or building new bridges) under national highways. The Committee will examine the details and decide in the case of each bridge whether the increased waterway has become necessary due to anyone or combination of the following causes:—

(a) natural causes like increase in the intensity of rainfall, natural changes in the course of streams, etc.;

(b) change in the pattern of distribution of the run off from a catchment area causing an increase in peak discharge through the concerned national highway bridge(s) due to flood control, drainage irrigation and road schemes or other works undertaken by the State Government;

(c) original inadequacy of the bridge at the time of construction; and

(d) any other causes.

If the increased provisions is necessitated due to a combination of more than one of the above causes the Committee will also assess the proportion of the total increase in waterways attributable to each of these causes.

4. Whenever a difference of view arises between the State Government and the Ministry of Transport (Roads Wing), the State Chief Engineer concerned or the Ministry of Transport (Roads Wing) will submit a memorandum on the State's or Ministry of Transport's case to the Chairman, C.W. & P.C., with a copy to the Ministry of Transport (Roads Wing) or to the State concerned. The Chairman, C.W. & P.C., would then fix up a meeting to consider the matter. The decision of the Committee will be binding on the Ministry of Transport (Roads Wing) as well as on the State Government.

NOTIFICATION

No. 1787-F.T.—16th May 1966. The following draft of amendments which, in exercise of the power conferred by section 26 of the Bengal Finance (Sales Tax) Act, 1941 (Ben. Act X1 of 1941), the Governor proposes to make in the Bengal Sales Tax Rules, 1941, as subsequently amended (hereinafter referred to as the said rules), is hereby published, as required by sub-section (1) of the said section, for the information of persons likely to be affected thereby.

The draft will be taken into consideration on or after the 27th day of May 1966 and any objection or suggestion with respect thereto which may be received by the undersigned before that will be duly considered.

Draft Amendments

In the said rules,—

(1) in rule 27A,—

(a) in sub-rule (1), for the words "obtained by the purchasing dealer or undertaking", substitute the words "obtainable, subject to the provisions of rule 27AA, by the purchasing dealer or undertaking";

(b) for the existing *Explanation*, substitute the following, namely:

"*Explanation*: In this rule and in rule 27AA, the expression 'undertaking' means an undertaking referred to in sub-clause (iv) of clause (a) of sub-section (2) of section 5.";

(2) after rule 27A, insert the following rule, namely:—

"27AA. (1) For obtaining declaration forms referred to in rule 27A, a registered dealer or the owner or representative of an undertaking, as the case may be, shall apply in writing to the appropriate Commercial Tax Officer stating his requirement of such forms and shall furnish such other particulars, statements and information and produce such other documents as the Commercial Tax Officer may require for the purpose of satisfying himself about the *bona fide* use of such forms issued to the applicant on previous occasions and the *bona fide* nature of the applicant's requirement of such forms on the present occasion.

(2) (a) If for reasons to be recorded in writing—

(i) the Commercial Tax Officer is not satisfied that the applicant for declaration forms made *bona fide* use of such forms previously issued to him or that he *bona fide* requires such forms applied for, the Commercial Tax Officer may reject the application;

(ii) the Commercial Tax Officer is not satisfied that the applicant *bona fide* requires such forms in such numbers as he has applied for, the Commercial Tax Officer may issue such forms in such lesser numbers as, in his opinion, would satisfy the reasonable requirement of the applicant.

(b) If the applicant for declaration forms has at the time of making the application failed to comply with an order demanding security from him under sub-section (4a) of section 7, the Commercial Tax Officer shall reject the application.

(c) If the applicant for declaration forms has at the time of making the application defaulted in furnishing any return or returns, together with the receipted challan or challans showing payment of the tax due from him according to such return or returns, for the furnishing of which the prescribed date or dates, or the extended date or dates, if any, have already expired, the Commercial Tax Officer shall withhold the issue of declaration forms to him until such time as he furnishes—

(i) such return or returns, together with such receipted challan or challans, and

(ii) any other return or returns, together with the receipted challan or challans showing payment of the tax due according to such return or returns, for the furnishing of which the prescribed date or dates, or the extended date or dates, if any, may have expired after the date of the application:

Provided that in a case coming under this clause the Commercial Tax Officer may, instead of withholding declaration forms, issue such forms in such numbers and subject to such conditions and restrictions as he may consider reasonable, to an applicant, if in the opinion of the Commercial Tax Officer it is desirable in the interest of the collection of Sales Tax revenue to grant time to the applicant to pay up the arrears of tax in one lump or in instalments.

(d) Where the Commercial Tax Officer does not proceed under clause (a), clause (b) or clause (c), he shall issue the requisite number of declaration forms to the applicant."
